Maharashtrian Entrepreneurs, Businessmen, Professionals and people who always dream to do something on their own rather than traditional ways of seeking employment are invited to join us for this seminar.

NAME (North American Maharashtrian Entrepreneurs) is a forum established to promote businesses of Maharashtrians settled in North America and the rest of the world.

We would like give a platform to exchange ideas and collaborate on innovative solutions. The idea was to move beyond basic social networking to enable Maharashtrian professionals to form tribes on any topic, which could forge professional partnerships in the long run. This forum will provide entrepreneurs opportunity to present their ideas and seek support on various fronts from peers within the community.

Some of the keynote speakers
