

## Next BMM Convention – BMM 2028

**Dear BMM Mandal Presidents and Representatives,**

Preparations for the **BMM 2026 Convention** are progressing well, and the **Seattle Maharashtra Mandal** is getting ready to welcome the BMM community in **August 2026**. We look forward to your participation and sincerely request your support in encouraging members of your community to attend. Please help spread the word and direct them to the convention website for updates and information: <https://bmmseattle2026.org/>

At the same time, **we have initiated planning for the BMM 2028 Convention**. A key step in this process is the **selection of the host Mandal and venue**. Through this note, we invite **expressions of interest** from Mandals interested in hosting the **BMM 2028 Convention**.

If your Mandal is interested, please notify us **by March 15, 2026**. Upon receiving your response, we will contact you to outline the complete process, including bid solicitation, evaluation, and selection. This process will begin with the signing of a **Letter of Intent**, followed by close collaboration with your team. We will share best practices, templates, and guidance to assist with preparing your convention bid. The **final bid submission will be due by April 30, 2026**.

Hosting a BMM Convention places your Mandal and city on an international platform, strengthens connections within the broader BMM community, and can be financially rewarding. At the same time, it carries significant responsibility. Hosting **3,000–4,000 delegates over 3–4 days** requires detailed planning and the dedication of a large team of committed volunteers.

We encourage you to carefully consider these factors and let us know if your Mandal is interested by emailing: [bmm\\_convention\\_2028@bmmonline.org](mailto:bmm_convention_2028@bmmonline.org)

We appreciate your continued support of BMM and look forward to hearing from you.
