“ShivChhatrapati Study Program” Certification Exam-Related Information:

- Students may begin taking the **ShivChhatrapati Study Program Certification Exam** on or after **January 1, 2026**.
- If students have difficulty reading the Marathi questions, **parents may assist by reading the questions aloud**.
- However, please **do not help students with answering the questions**. We greatly value honesty and fairness.
- **Parents are also welcome to take the exam** if they are interested.

50-question multiple-choice test. Parents may read out the questions, and students should answer independently. This exam will be conducted on an honor basis. Thus, even if a student answers a question incorrectly, we request parents to enter the response as given by the student. This is important, as it helps students identify where they went wrong and learn from their mistakes — **the focus is learning about Chhatrapati Shivaji Maharaj, not just scoring**.
